PREFACE

The Regional Statistics Programme (RSP) of the CARICOM Secretariat usually produces a publication on **CARICOM's Trade: A Quick Reference to Some Summary Data**. However, given the enormous size of this publication and the lack of resources, it is not always possible to produce it in a timely manner.

In this context, the RSP has decided to produce a series of publications and to publish these as soon as they are finalised rather than to wait for the completion of the entire publication. This publication, **CARICOM's Trade with the United Kingdom: 2011–2016** is the sixth publication in the series. Other publications to follow and those already published include:

- Series 1 - CARICOM's Intra-Regional Trade: 2011-2016 (published)
- Series 2 - CARICOM's Total Trade Summary by Trading Partners, 2011-2016 (published)
- Series 3 - CARICOM's Trade with CARICOM's Trade with the United States of America, Canada, and the North American Free Trade Agreement (NAFTA), 2011-2016 (published),
- Series 4 - CARICOM's Trade with the European Union (LAIA); the Andean Community; MERCOSUR; Venezuela and the Central American Integration System (SICA): 2011–2016 (published);

- Series 5 - CARICOM's Trade with the European Union (published)
- Series 7 - CARICOM's Trade with Japan

The data presented in this publication were extracted from those submitted to the CARICOM Secretariat by the National Statistics Offices of Member States. It should be noted that for the period being presented data were not always available for all Member States and this therefore poses limitations to analysis and interpretation. Efforts are being made by the CARICOM Secretariat to fill data gaps where these exists.

ACKNOWLEDGEMENTS

The CARICOM Secretariat takes this opportunity to express its sincere thanks to the National Statistical Offices in Member States for supplying the Merchandise trade data used in the compilation of this report. We also wish to recognize the contributions of the various Customs Departments at the regional level.

The Secretariat wishes to thank the staff of its Regional Statistics Programme for their dedicated efforts in compiling the data and in preparing and disseminating this report.
